

Factory/Center	Division	Department	Function	Mission and Responsibility in Japanese	Mission and Responsibility in English
	Internal Audit Div.		Administration	CVNにおける内部監査の推進・統括および社外監査の窓口業務の統括	Overall managing Promotion and supervision of internal audit at CVN and liaison services for external audits
		Internal Audit Dept.	Administration	CVNにおける内部監査の推進・統括および社外監査の窓口業務	Promotion and supervision of internal audit at CVN and liaison services for external audits
	Manufacturing Equipment Sales Project		Administration/ Production	生産設備外販における管理・推進・製造	Managing and promoting and production for manufacturing equipment sales
Administration Center			Administration	CVN全社の本社機能ならびに経営管理業務の統括	Overseeing and managing corporate administrative functions as well as corporate business management functions
	Planning Div.		Administration	企画業務、生産革新活動、ものづくり人材開発業務に関する統括	Overall Managing of Corporate Planning, Poduction Innovation Advancement, Mono-Zukuri Human Development
		Corporate Planning Dept.	Administration	全社方針、中期計画および各種戦略の立案と実行 設備予算管理および各種企画業務	Company policy, mid-term plan, and various strategy planning & conducting Capital budget control and other various planning job
		UP Production Innovation Advancement Dept.	Administration	UPにおける生産革新および生産性向上の推進 工数設定/分析業務	Advancement of Production Innovation activities and Improvement of productivity for UP, Setting up/Analyzing standard time for UP
		LBP Production Innovation Advancement Dept.	Administration	LBPにおける生産革新および生産性向上の推進 工数設定/分析業務	Advancement of Production Innovation activities and Improvement of productivity for LBP, Setting up/Analyzing standard time for LBP
		Mono-Zukuri Human Development Dept.	Administration	ものづくり人材開発に関する企画、運営、実施	Planning, managing and conducting Mono-Zukuri human development
		Corporate Governance Div.	Administration	コーポレートガバナンスの統括	Overall managing of corporate governance
		Corporate Legal Management Dept.	Administration	法務業務、契約管理、会社規程管理、コンプライアンス・倫理活動推進、コーポレートガバナンス強化活動	Legal Affairs, Contract Management, Company Regulation Management, Compliance and Ethics Activity Promotion, Corporate Governance Strengthen Activities
		Corporate Assets Management Dept.	Administration	固定資産および重要管理資産に係る総合管理事務局、資産管理健全化活動推進	General management for company-wide fixed assets and important assets, Promotion for corporate asset control improvement activities
		Accounting Div.	Administration	経理統括、製品原価管理、事業経理	Overall managing corporate accounting, cost management and business accounting
		Accounting Dept.	Administration	全社経理全般（会計、税務、資金） UP・CIS事業経理に関する会計処理と支払い管理	Managing corporate accounting in general (finance, accounting, tax, payment administration) and UP/CIS accounting
		LBP Accounting Dept.	Administration	LBP事業経理 LBP事業に関する会計処理と予算および支払い管理	Manage LBP product business accounting (accounting, tax compliance, account balance management)
		Budget Control Dept.	Administration	管理会計制度の運用管理、全事業の予算管理、全社経費管理	Corporate Managerial Accounting, Support budget control of all business units, Corporate expense control
		Cost Management Dept.	Administration	全事業製品の原価管理/CD推進	Managing cost management, costdown promotion and budgeting of all business units
		IT Div.	Administration	IT業務に関する統括	Overall Managing of IT system
		IT Dept.	Administration	IT全社統括およびIT全般の開発/統制/運用	Managing corporate IT and development, control and operations of IT system and program
		Smart Factory Promotion Dept.	Administration	スマートファクトリー構想の計画および設計 最新ICT研究開発	Planning & Designing of Smart Factory concept Research & Development of the latest ICT
		Human Resources Div.	Administration	人事総務業務の統括	Overall managing and developing corporate human resources management and general affairs
		HR & GA Planning Dept.	Administration	人事総務企画業務、労政業務などの人事管理全般、マネジメント教育の運営ならびに総務プロジェクト業務の推進	Planning HR & GA policy, managing HR operations(TU/Employee Relations) and developing GA project
		Public Relations Dept.	Administration	広報・渉外・社内外のPR活動の統括	Overall managing public relations, external and internal PR activities
		Human Resources Dept.	Administration	人事制度運用、給与・税・社会保障・福利厚生などの人事管理	Managing corporate HR operations(salary/tax/social Insurance/welfare) and developing corporate HR policy, system and project.Carry out Management training.
		Recruitment Dept.	Administration	採用業務の企画ならびに運用	Planning and Managing of recruitment
		General Affairs Dept.	Administration	TL工場における総務・厚生・安全衛生業務ならびに健康支援業務	Managing and developing general affairs and welfare activities and health support activities in TL factory
		TS HR & GA Dept.	Administration	TS工場における人事・総務・厚生・安全衛生業務	Managing and developing HR management/operations, general affairs, welfare, traffic safety and health support activities in TS factory
		QV HR & GA Dept.	Administration	QV工場における人事・総務・厚生・安全衛生業務	Managing and developing HR management/operations, general affairs, welfare, traffic safety and health support activities in QV factory
		Facilities & Environment Div.	Administration	キャンソントナムの建物、建物付等設備、製造環境管理および製品環境管理	Overall managing and developing the corporate facility and environment (building, facilities, manufacturing environment and products environment)
	Facilities & Environment Management Dept.	Administration	施設環境安全企画業務、土地建物固定資産管理/施設系発注検収社内統括	Planning F&E&S strategy, Control building Fixed assets and P/O and contract	
	Facilities Dept.	Administration	キャンソントナムの建物および建物付等設備の管理	Managing corporate facility management (building, facilities and incidental facilities)	
	Industrial Safety Dept.	Administration	安全衛生業務	Managing and developing corporate safety	
	Environment Dept.	Administration	キャンソントナムの製造環境管理および製品環境管理	Managing corporate environment management (manufacturing environment and products environment)	
	TS Facilities & Environment Dept.	Administration	TS工場の建物および建物付等設備、製造環境管理および製品環境管理	Managing facility and environment management in TS factory (building, incidental facilities, manufacturing environment and products environment)	
	QV Facilities & Environment Dept.	Administration	QV工場の建物および建物付等設備、製造環境管理および製品環境管理	Managing facility and environment management in QV factory (building, incidental facilities, manufacturing environment and products environment)	
		Administration	キャンソントナムの建物、建物付等設備、製造環境管理および製品環境管理	Overall managing and developing the corporate facility and environment (building, facilities, manufacturing environment and products environment)	

Factory/Center	Division	Department	Function	Mission and Responsibility in Japanese	Mission and Responsibility in English
Production Administration Center			Administration	生産管理、調達業務ならびにロジスティック業務の統括	Overseeing and managing production controle, purchasing and logistics
	Supplier Management Div.		Production	外部委託製造（部品・ユニット）の推進・QCD管理と、調達技術業務	Promoting part/unit outsourcing enlargement and QCD improvement, procurement engineering operation
		Supplier Management Dept.1	Administration	製造視点による、外部委託製造の推進・QCD管理と、調達技術業務	For soto-cell production, based on manufacturing view, to promote part/unit outsourcing enlargement and QCD improvement, procurement engineering operation
		Supplier Management Dept.2	Engineering	技術視点による、外部委託製造の推進・QCD管理と、調達技術業務	For soto-cell production, based on engineering view, to promote part/unit outsourcing enlargement and QCD improvement, procurement engineering operation
		Supplier Management Dept.3	Engineering	生産革新視点による、外部委託製造の推進・QCD管理と、調達技術業務	For soto-cell production, based on CIMS(Production Innovation) view, to promote part/unit outsourcing enlargement and QCD improvement, procurement engineering operation
	Production Control Div.1		Administration	TL・TS・QV工場の生産管理業務統括（計画、部品手配、標準）	Overall managing production control in TL/TS/QV factory (Planning / Part delivery control / Production Control system)
		IJP Production Control Dept.1	Administration	IJPモデルの生産計画、部品手配、標準管理、新製品立上げ業務	Managing production plan, parts delivery control and production control system, promote new model launch for IJP products
		LBP Production Control Dept.1	Administration	LBPモデルの生産計画、部品手配、標準管理、新製品立上げ業務	Managing production plan, parts delivery control and production control system, promote new model launch for LBP products
	Production Control Div.2		Production	TL・TS・QV工場の物流業務統括	Overall managing BUTSURYU in TL/TS/QV factory
		Butsuryu Management Dept.	Production	物流戦略立案および自動化の推進	Butsuryu Strategy planning and automation promotion
		TL Production Control Dept.2	Production	TL工場の構内部品物流統制業務および部品在庫管理	Managing physical parts control and inventory in TL factory
		TS Production Control Dept.2	Production	TS工場の構内部品物流統制業務および部品在庫管理	Managing physical parts control and inventory in TS factory
		QV Production Control Dept.2	Production	QV工場の構内部品物流統制業務および部品在庫管理	Managing physical parts control and inventory in QV factory
	Purchasing Div.		Administration	IJP、CIS、LBPに関する調達全般業務	Overall managing purchasing operation of IJP and CIS and LBP
		Purchasing Control Dept.	Administration	調達管理業務	Managing purchasing control
		Purchasing Strategy Dept.	Administration	調達戦略立案ならびに変動費コストダウン統括業務	Estblishing purchasing strategy and managing variable cost reduction activities
		General Item Purchasing Dept.	Administration	一般購買業務	Managing general item purchasing
		IJP Purchasing Dept.	Administration	IJPおよびCISに関する調達業務	Managing purchasing of parts of IJP & CIS business
		LBP Purchasing Dept.	Administration	LBPに関する調達業務	Managing purchasing of parts of LBP business
	Logistics Div.		Production	ロジスティック業務の統括	Overall managing and developing logistics operation
		Logistics Planning Dept.	Production	ロジスティックの戦略立案とその推進ならびに支給箱の管理	Managing and developing logistics strategy and controlling returnable box distribution
		TL Logistics Dept.	Production	TL工場のロジスティックおよび製品出荷業務とその改善推進	Managing and developing logistic operation and product shipment in TL factory
		TS Logistics Dept.	Production	TS工場のロジスティックおよび製品出荷業務とその改善推進	Managing and developing logistic operation and product shipment in TS factory
		QV Logistics Dept.	Production	QV工場のロジスティックおよび製品出荷業務とその改善推進	Managing and developing logistic operation and product shipment in QV factory
Manufacturing Engineering Center			Engineering	生産技術に関する業務の統括	Overseeing of operations related to Manufacturing Engineering
	Manufacturing Engineering Div.1		Engineering	センター内ADMIN業務統括、生産技術に関する技術開発推進	Overall mangemnet of administration job in the center Promote technology development for Manufacturing Engineering
		Manufacturing Engineering Administration Dept.	Engineering	センター内ADMIN業務、内製治工具、自動機用部材発注管理、内製資産進捗管理、UP & LBP関連固定資産管理	Overall controlling of administration job in the center. Management and ordering of making parts for In-house tools and machines. In-house asset progress management. Fixed asset management for IJP & LBP (exclude LBP-Die)
		Manufacturing Technology Development Dept.	Engineering	CVN内製の治工具および自動機のための新規技術/要素技術の開発とスマートファクトリーに向けたDX推進	Development of new technology and element technology for in-house tools and automatic machines manufacturing in CVN, and promoting DX smart factories.
	Manufacturing Engineering Div.2		Engineering	IJP製品に関する生産技術業務の統括	Overall operations of Manufacturing Engineering for IJP
		IJP Manufacturing Engineering Dept.1	Engineering	生産治工具の設計および導入、改善業務	Design, introduction and improvement of production tools and jig
		IJP Manufacturing Engineering Dept.2	Engineering	生産自動機の設計および導入、改善業務	Design, introduction and improvement of automation machine
		Productive Maintenance Engineering Dept.1	Engineering	IJP製品に関する内製生産機器の組立調整と生産機器全般の保守保全および改善	Assembly and adjustment of inhouse making production equipment, maintenance and -improvement of the whole production equipment for IJP
	Manufacturing Engineering Div.3		Engineering	LBP製品に関する生産技術業務の統括	Overall operations of Manufacturing Engineering for LBP
		LBP Manufacturing Engineering Dept.1	Engineering	LBP本体に関する治工具の設計/品質保証/改善ならびに予算管理業務、Jigネットワークシステムの維持管理	Design / quality assurance / improvement / budget control of jigs related to LBP products Maintenance management of Jig network system
		LBP Manufacturing Engineering Dept.2	Engineering	LBP本体に関する自動機設計/組立調整/品質保証/改善ならびに予算管理業務、生産設備内製化推進	Design / assembly and adjustment / quality assurance / improvement / budget control of automaton related to LBP products Promotion of in-house production of equipment
		LBP Manufacturing Engineering Dept.3	Engineering	TS工場における治工具および自動機の設計/組立/品質保証/改善/維持管理ならびに予算管理業務	At TS factory, Design / assembly and adjustment / quality assurance / improvement / maintenance management / budget control of jigs and automation
		Productive Maintenance Engineering Dept.2	Engineering	LBP本体に関する生産機器全般の保守保全および改善	Maintenance and improvement of the whole production equipment for LBP

Factory/Center	Division	Department	Function	Mission and Responsibility in Japanese	Mission and Responsibility in English
In House Processing Center			Production	CVN MO/PX/PCB/CIS の内製運営統括	Overall management of CVN MO/PX/PCB/CIS in-house production
	MO/MS Production Div.		Production	モールド&プレス部品の生産統括 機械加工業務の統括	Overall managing production of Mold and Press parts, Tooling machine
		TL Molding Dept.	Production	成形部品/ユニットの製造と新成形技術の開発	Manufacturing MO parts and unit Developing new MO/Die engineering
		TL Metal Stamping & Tooling Dept.	Production	プレス部品/ユニットの生産と機械加工 プレス工程/型技術の開発	Manufacturing press parts/unit, Tooling machine Developing new PX/Die engineering.
		TS Molding & Tooling Dept.	Production	成形部品/ユニットの製造と機械加工 新成形技術の開発	Manufacturing mold parts and unit, Tooling MC Develop new MO/Die engineering
		TS Metal Stamping Dept.	Production	プレス部品/ユニットの生産 プレス工程/型技術の開発	Manufacturing press parts/unit. Developing new PX/Die engineering.
		QV MO/MS Management Dept.	Production	MO/PX部品製造と製造設備に関する管理業務	Managing production of MO/ PX parts and machines
		QV Molding Dept.	Production	成形部品/ユニットの製造と新成形技術の開発	Manufacturing mold parts/Unit Developing new MO/Die engineering
		QV Metal Stamping & Tooling Dept.	Production	プレス部品/ユニットの生産と機械加工 プレス工程/型技術の開発	Manufacturing press parts/unit and tooling MC Developing new PX/Die engineering
	PCB Production Div.		Production	実装ユニット製造業務	Overall managing production of printer circuit board
		PCB Management Dept.	Production	実装ユニット製造に関する生産管理、コスト管理、品質管理 会社規定管理全般	Production management of PCB unit, cost control, quality control company regulation general
		PCB Engineering Dept.	Engineering	実装ユニット製造に関する生産技術開発	PCB unit production technology development
		TS PCB Production Dept.	Production	実装ユニットの製造と設備保全業務全般	Manufacturing PCB unit & equipment maintenance
		QV PCB Production Dept.	Production	実装ユニットの製造と新規技術開発 設備保全業務全般	Manufacturing PCB unit & develop new technology Equipment maintenance
	CIS Production Div.		Production	内製および外販向けCISの製造	Overall managing production of contact image sensor for in-house and external sales
		CIS Management Dept.	Production	CISの生産計画 部品手配 要員管理 経費管理 補材管理	Managing production control, parts arrange, manpower, cost control, material management of CIS
		CIS Engineering Dept.	Engineering	CISの工程設計管理 技術図面管理 標準管理 設備保全 装置保全 装置デザイン 治工具デザイン	process design management, engineering drawing management, standard management of CIS, machine maintenance, machine design, jig design
		CIS Quality Assurance Dept.	Production	CISの製造に関わる品質保証統括 パーツ品質保証統括 QMS管理	Overall managing quality assurance of CIS, Managing quality assurance of parts, QMS control
		CIS Production Dept.	Production	CISの量産 セルライン管理	Managing mass production of CIS products, cell line management

Factory/Center	Division	Department	Function	Mission and Responsibility in Japanese	Mission and Responsibility in English
I/P Factory			Production	UP工場運営の統括	Overseeing and managing UP factory operations
	I/P Manufacturing Innovation Project		Production	I事業製品の知恵テク活動の推進・管理	Managing the productivity improvement of inkjet products by Chie-tech
	Die Launching Innovation Project		Engineering	I新製品金型立ち上げ改善の推進	Managing and promoting for installing die of I new products
	I/P Engineering Div.		Engineering	I製品の機構・電気・包装の工程設計管理、型技術ならびに量産品質とコストの技術的改善統括	Overall managing and developing mechanical, electrical and packaging process design of I products, and engineering improvement for mass production quality and cost related to I products
		Concurrent Engineering Project	Engineering	UP新製品立上げにおけるフロントローディング推進	Promoting Front Loading for I/P new model launching up
		UP Technical Innovation & Management Dept.	Engineering	I製品の技術情報、部内活動の管理統括ならびに先端要素技術推進	Managing the engineering information and promote Advanced Elemental technology of I products
		UP Product Engineering Dept.1	Engineering	I製品の機構(メカ)工程設計管理ならびに量産品質とコスト(メカ)の技術的改善統括	Managing the mechanical process design and engineering improvement for mass production quality and cost related to mechanism of I products
		UP Product Engineering Dept.2	Engineering	I製品の電気工程設計管理ならびに量産品質とコスト(電気)の技術的改善統括	Managing electrical process design and engineering improvement for mass production quality and cost related to electricity of I products
	I/P Quality Assurance Div.		Production	UP工場におけるI事業製品の品質保証統括	Overall managing quality assurance of I business in I/P factory
		I/P Quality Assurance Management Dept.	Production	I事業製品のQMS、安全規制の管理および品質保証に関わる経費要員管理	Managing factory QMS, product safety regulations. And managing manpower and budget for quality assurance of I products
		I/P Product Quality Assurance Dept.	Production	I事業製品および製造に関わる品質保証の統括	Managing quality assurance of the I products and production
		I/P Material Quality Assurance Dept.	Production	I事業製品のパーツ品質保証統括	Managing quality assurance of parts of the I products
	I/P Manufacturing Div.		Production	I事業製品の量産統括	Overall managing mass production of I products in I/P factory
		UP Assembly Management Dept.	Production	I事業製品の量産(Sub/tangumi)および部全体の要員・経費管理	Managing mass production of I products (Sub/tangumi) and manpower and expense management in Div.
		UP Assembly Dept.1	Production	I事業製品(MFP model)の量産、セルラインの管理	Managing mass production of I products (MFP model) and cell line management
		UP Assembly Dept.2	Production	I事業製品(FAX model)の量産、セルラインの管理	Managing mass production of I products (FAX model) and cell line management
		UP Assembly Dept.3	Production	I事業製品(MFP/SCN model)の量産、セルラインの管理	Managing mass production of I products (MFP/SCN model) and cell line management
		UP Assembly Dept.4	Production	I事業製品の量産(In-house・Automation)および品質・試作管理	Managing mass production of I products, developing in-house automation, quality and trial management
		UP Assembly Dept.5	Production	I事業製品(SLC/SFS model)の量産、セルラインの管理	Managing mass production of I products (SLC/SFS model) and cell line management

Factory/Center	Division	Department	Function	Mission and Responsibility in Japanese	Mission and Responsibility in English
LBP Factory			Production	LBP工場運営の統括	Overseeing and managing LBP factory operations
	LBP Manufacturing Innovation Project		Production	LBP事業製品の知恵テク活動の推進・管理	Managing the productivity improvement of LBP products by Chie-tech
	LBP Engineering Div.		Engineering/ Production	LBP本体の工程設計／型技術業務	Overall managing and developing process design of LBP products and mechanical parts(mold/press) process design
		LBP Technical Innovation & Management Dept.	Engineering	LBP製品の技術情報、部内活動の管理統括ならびに先端要素技術推進	Managing the engineering information and promote Advanced Elemental technology of LBP products
		LBP QV Product Engineering Dept.1	Engineering	LBP本体のメカ工程設計／プロセス工程設計／包装技術	Managing the mechanical, process and packaging design of LBP products
		LBP QV Product Engineering Dept.2	Engineering	LBP本体の電気工程設計	Managing electrical process design of LBP products
		LBP TS Product Engineering Dept.1	Engineering	LBP本体のメカ工程設計／プロセス工程設計／包装技術	Managing the mechanical, process and packaging design of LBP products
		LBP TS Product Engineering Dept.2	Engineering	LBP本体の電気工程設計	Managing electrical process design of LBP products
		Parts Engineering Dept.	Engineering	UP本体およびLBP本体に関わるモールド／プレスの型技術	Managing engineering of molding and press die of UP and LBP products
		Packing Engineering Dept.	Engineering	IJ製品およびLBP製品の包装工程設計管理ならびに量産品質とコスト(梱包)の技術的改善統括	Managing packaging process design and engineering improvement for mass production quality and cost related to packaging of IJ products and LBP products.
		LBP Quality Assurance Div.		Production	LBP製品の品質保証統括
		LBP Quality Assurance Management Dept.	Production	LBP事業製品のQMS、安全規制、電気評価、装置の定期校正および品質保証に関わる予算の管理	Managing factory QMS, product safety regulations, electrical evaluation, equipment calibration and budget for quality assurance of LBP products
		LBP QV Product Quality Assurance Dept.	Production	QV工場主管のLBP製品の製品品質保証	Managing quality assurance of LBP products controlled by QV factory
		LBP TS Product Quality Assurance Dept.	Production	TS工場主管のLBP製品の製品品質保証	Managing quality assurance of LBP products controlled by TS factory
		LBP QV Material Quality Assurance Dept.1	Production	QV工場主管のLBP製品のメカ部品およびユニットの品質保証	Managing mechanical parts and unit quality assurance of the LBP products controlled by QV factory
		LBP QV Material Quality Assurance Dept.2	Production	QV工場主管のLBP製品の電気部品およびユニットの品質保証	Managing electrical parts and unit quality assurance of the LBP products controlled by QV factory
		LBP TS Material Quality Assurance Dept	Production	TS工場主管のLBP製品の部品およびユニットの品質保証	Managing parts and unit quality assurance of the LBP products controlled by TS factory
		LBP Manufacturing Div.		Production	LBP製品,CRGの製造統括
		LBP Assembly Management Dept.	Production	LBP製品,CRGの作業標準管理、治工具製作・管理、生産革新活動の推進 LBP用CRGに付随する製品技術、部品技術ならびに品質保証業務、生産機器全般の保守保全、自動化業務	Managing overall manpower, products, work standard, design and fabrication of production jigs and production innovation activities of LBP products Managing overall manpower products/parts/engineering/quality assurance/Maintenance and automation related to LBP cartridge
		LBP QV Assembly Dept.1	Production	LBP製品の生産業務	Managing mass production of LBP products and cell line management
		LBP QV Assembly Dept.2	Production	LBP製品の生産業務	Managing mass production of LBP products and cell line management
		LBP QV Assembly Dept.3	Production	LBP製品の生産業務	Managing mass production of LBP products and cell line management
		LBP QV Assembly Dept.4	Production	LBP製品の生産業務	Managing mass production of LBP products and cell line management
		LBP TS Assembly Dept.1	Production	LBP製品の生産業務	Managing mass production of LBP products and cell line management
		LBP TS Assembly Dept.2	Production	LBP製品の生産業務	Managing mass production of LBP products and cell line management
		CRG Assembly Dept.	Production	LBP用CRGの生産業務	Managing mass production of LBP Cartridge, LBP products and cell line management
